About Me

The main goal of my career is to pursue a challenging job in a dynamic and esteemed organization. Where I will be able to work in any kind of situation with full efforts & utilize my academic knowledge and skills towards the growth of the organization. and society.

Web design and development is an umbrella term that describes the process of creating a website. Like the name suggests, it involves two major skill sets: web design and web development. Web design determines the look and feel of a website, while web development determines how it functions.
